

COMPS203F Assignment Submission Instructions

An answer book is provided for the assignment with details below:

1. **Type your Student NAME and ID** in the designated space on the first page of the answer book.
2. Include your answer in form of java/SQL codes in the word file. Do not include the entire java programs to the word file at once. *You need to copy and paste the partial codes specifically into each sub-part of the questions accordingly.*
3. *Do not change* the format that has been set up in the word document already i.e., font setting (courier new; 9 font size), line spacing (1.15), page break (for each question), etc.
4. Compress the .docx file, .java files (i.e., for Q1 to Q3), and the NetBeans project file (i.e., for Q4) into a zip file named with 8-digit of your student ID i.e., *s87654321asm01.zip*
5. Submit the zip file to OLE on or before the due date. You can re-submit for multiple times before the due date.
6. Under normal circumstances, late submission will not be accepted.
